

MADHUBALA V

M.SC Applied Data Science | Data analyst | Python | SQL | <https://github.com/madhubala69>
(91)8838166131 | madhu69.vel@gmail.com | Chennai | <https://www.linkedin.com/in/v-madhubala-764747286>

CAREER SUMMARY

Aspiring Data Science graduate with skills in Python, SQL, Tableau, and data analytics. Skilled in data visualization, exploratory data analysis, predictive modeling, and machine learning through academic and personal projects. Passionate about transforming data into actionable insights and practical solutions.

TECHNICAL SKILLS

Programming: Python | SQL

Data Analysis: EDA | Statistical Analysis | Predictive Analytics

Visualization: Tableau | Excel | Matplotlib

Machine Learning: Scikit-learn | TensorFlow | Keras

Tools: Jupyter Notebook | Google Colab

CERTIFICATIONS

- **Deloitte Data Analytics Job Simulation** | Forage | 2026
- **Python for Data Science** | NPTEL | 2024
- **Statistics for Data Science** | Great Learning | 2024
- **SQL and Relational Database** | Cognitive Class (IBM) | 2023

EDUCATION

M.Sc. Applied Data Science | SRM Institute of Science and Technology | CGPA: 9.54 2024 - 2026

B.Sc. Data Science | Sri Ramachandra Faculty of Engineering and Technology | CGPA: 8.05 2020 - 2023

INTERNSHIP

Data Science Intern | L&T Construction

April 2022 – June 2022

- Cleaned, analyzed, and visualized time-series datasets using Python
- Performed exploratory data analysis and developed predictive models to identify trends.
- Improved data quality through preprocessing and feature engineering.

ACADEMIC PROJECTS

Knee Osteoarthritis Detection

Python | TensorFlow | Keras | Transfer Learning

- Developed a transfer learning model using TensorFlow and Keras for multi-class image classification.
- Applied image preprocessing and augmentation to improve model performance.
- Evaluated model performance using classification metrics.

Flipkart Sales & Customer Insights Dashboard

Tableau | Data Visualization | Business Analytics

- Cleaned and analyzed 20K+ product records, including pricing, discounts, ratings, and categories.
- Derived product, brand, and pricing insights through exploratory analysis.
- Developed a Tableau dashboard to visualize trends and support business decisions.
